

# PROJECT 2025

EXPLAINED

Project 2025 is a 900+ page blueprint for Donald Trump's agenda should he win in November. It was created by his political allies and supporters, led by the Heritage Foundation.

## Project 2025 aims to:

- **Ban medication abortion nationwide.**
- **Limit access to birth control**, pap smears, and STD testing.
- **Restrict IVF.**
- Enforce a **“biblically based” definition of “marriage and family.”**
- **Remove federal protections for LGBTQ+ people.**
- **Divert funding for public schools** to private or religious schools.
- **Eliminate Head Start** and the U.S. Department of Education.
- **Strike down key efforts to combat racism** and housing discrimination.
- **End efforts to fight climate change** and disband the EPA.
- Conduct **mass deportation of immigrants.**
- **Repeal caps on prescription drug prices.**
- **Weaken our national security** by ending FBI efforts to combat disinformation and politicizing intelligence gathering.
- Remove checks and balances to **increase presidential power.**
- **Replace federal experts** and other civil servants with Trump loyalists.

**Too many Americans haven't heard of Project 2025. But when they learn about it, they're against it. So let's talk to everyone we know.**
